Verse 2

F^{maj7sus2}
 I came back home after seven years

                      A^{m7}   **C**
Wide awake, tracing tracks of her tears

G
...Cornered the nurse to get the gist of it

                    C **G**   **F**^{maj7sus2}
I promised her I'd get her out of the care home...

         F^{maj7sus2}
The place was fallin' to bits

             A^m   **C**
Understaffed and overruled by callous hands

G
...The poor nurse was around the clock

          C   **G**   **F**^{maj7sus2}
And the beauty of youth had left my breaking heart

           A^m **C**
But it wasn't hard...

      G   **C**
When you love someone...

G   **F**^{maj7sus2}   **A**^m **C**
Oh, I stayed all night till you left this life...

      G
'Cause that's just love...

Chorus

F^{maj7sus2}
 I people-watch on the way back home

C
 Everybody on the treadmill, runnin'

G
 Under the billboards, out of the heat

                   A^{m7}   **C**_{/E}
Somebody's darling's on the street tonight...

F^{maj7sus2}
...Oh, I can't stop runnin'

C
 ...I see the whole town fall

G
 ...I people-watch on the way back home

                  C   **G**   **F**^{maj7sus2} **C**
I people-watch on the way back home...

Post-Chorus

G
...I people-watch on the way back home

                   A^m   **C**_{/E}   **F**^{maj7sus2} **C**
I people-watch on the way back home...

G
 I people-watch on the way back home

                   A^m   **C**_{/E}
I people-watch on the way back home

Bridge

C   **D**^{m7}   **F**^{maj7sus2}
Above the rain-soaked Garden of Remembrance

        C   **D**^{m7}   **F**^{maj7sus2}
Katie wakes, let's draw initials in the sky

       C   **D**^{m7}   **F**^{maj7sus2}
Oh, I fear for this crippled island and the turmoil of the times

       G   **A**^{m7} **C**
And I'll hold you in my heart till the day I die...   Oh...
